**Newport Beach, Calif. – June 24, 2010** – Global Hunter Securities today announced that its inaugural GHS China Conference, scheduled for July 11-13, 2010 at the St. Regis Hotel in San Francisco, will feature approximately 100 China-based companies, most of which have shares that trade on U.S. exchanges.

Companies from various sectors are scheduled to make presentations to institutional investors during the conference, which will serve as a forum for management teams to showcase their investment rationales, growth plans, current outlook and positioning in China’s growing marketplace.

“We are thrilled to showcase such a solid group of companies that we believe will resonate well with our institutional investor client base,” said Daniel O.
